The National Code Services Association, Inc

Is pleased to announce an educational workshop
Hosted by the City of McAllen Fire Department

NFPA 921 Overview & Certification Test

This course will give a detailed overview of NFPA 921 and is designed to assist individuals in understanding the scientific method of fire investigation. This will enable these individuals to render opinions to the origin, cause, responsibility and/or prevention of these types of fires. This course offers 20 hours of continuing education and ends with a 100 questions certification exam. The objectives of this course are to:

1. Introduce students to the basic methodology of Fire Science and Fire Patterns.
2. To understand the Legal Considerations for trial and forensic investigation.

Dates: October 14, 2013 through October 16, 2013
Time: 8:00 AM – 4:30 PM
Certification Test on October 16th
Location: City of McAllen Fire Department
201 N. 21st Street
McAllen, TX 78501
Instructor: Mike Dobson

Note: Handouts are included; however, students must bring a copy of the NFPA 921
