HYBRID COURSE ANNOUNCEMENT

Fire Service Instructor I

The objective of this 30-hour course is to teach instructors and trainers how to organize and teach a course effectively, using existing lesson plans and using the Four Step Instructional Model.

Upon successful completion of this course, the student will be able to plan instruction, using a variety of instructional methods; teach diverse learners; evaluate course outcomes; and address the critical issues of safety and the legal issues of training.

Major topics covered in the course are the challenges of emergency services instruction; speaking before a group; safety; the instructor's role; legal considerations; the psychology of learning; instructional delivery practical training evolutions; and instructional media, testing and evaluation.

Methods of instruction include lecture, discussion, classroom exercises, case studies, Microsoft Team virtual audio/visual material, learner presentations/reports, observation, quizzes and final IFSAC written examination, and Practical examination.
