**Fire Service Safety Culture: Who Protects Firefighters From Firefighters?**

May 29-30, 2020

This two-day course is designed to assist emergency services personnel in defining and advocating organizational change within the fire service relating to safety. Topics include:

- Safety and risk cultures within organizations.
- Influences on safety culture and risk categories.
- Concepts, goals, and processes of risk management.

The course incorporates facilitated student-centered methodologies including lecture, small and large group activities, and individual assessments.

The primary target audience includes anyone in emergency services with an interest in changing culture in his or her organization.

The secondary target audience includes all interested individuals and community people who are responsible for risk management.
