Join OVFR for NWCG S212 wildfire chain saws

April 29th – May 1st

May 25th- 27th

Orting Valley Fire and Rescue is hosting S212. This 3-day program will give firefighters basic knowledge on the use of chain saws on wildfire incidents. Students will receive one day of class room and 2 field days of instruction. Field portions will cover and apply vital skills that cannot be taught with a power point and will focus on safety. The course meets NWCG S212 requirements and certification is available.
