Strategy and Tactics for Initial Company Operations (STICO)

October 24-25, 2019

This two-day course is designed to meet the needs of Company Officers (COs) responsible for managing the operations of one or more companies during structural firefighting operations. This course is designed to develop the management skills needed by COs to accomplish assigned tactics at structure fires.

This course is designed for senior firefighters who may at times assume the responsibilities of the Company Officer (National Fire Protection Association 1001, Standard for Fire Fighter Professional Qualifications, Level II).

The goal of this course is to develop the management skills needed by Company Officers (COs) to accomplish assigned tactics at structure fires.
